## *" L'heure de Vougeot "*

## GARDE-TEMPS

This watch was born from the meeting of a Swiss watchmaker who loves Burgundy wines with one of the members of the Grand Conseil of the Confrérie.

The idea, through a rare and personalized object, is to allow our members to always keep an eye on the time in Vougeot. It has an automatic mechanical movement made in Switzerland with a pendulum ensuring an autonomy of nearly 50 hours.

The local time is given on a classic dial of 12 hours while l'heure de Vougeot - Vougeot time - is indicated by a hand with the colors of our order which makes its revolution in 24 hours.

The dial is adorned with a plaque embossed with the arms of the Confrérie des Chevaliers du Tasetvin and engraved with the motto of our order 'Jamais en Vain, toujours en vin'. The back is adorned with stripes and cupules, like a Tastevin. This handcrafted watch is assembled in Burgundy. It is engraved with the name of the Chevalier and its date of induction. The leather strap, in "burgundy" color reinforces the unique character of its manufacture.

This watch is available by subscription only, for an amount of **3200 euros** (EX VAT). Delivery will take place in the first half of 2020. Subscription ends by the **15th of october 2020. This is a first limited edition of hundred copies.**
